Unit Training Record

In an effort to update training records, please record each registered leader's training history, by placing the (approximate) date of completion under the appropriate training. Please submit this record anytime during the year. This worksheet may be obtained online at wdboyce.org and electronically filled in and submitted for your unit. It is highly recommended that every Scout volunteer use "The Training Umbrella of Scouting" worksheet to track their progress of the training continuum.

Scout Unit Type (Circle One): PACK | TROOP | CREW

Scout Unit Number: _____
